

# YORK PSYCHIATRIC

128 North George Street | York, PA | 17401 | (717) 316-0763

## OPIOID CENTER

of

## EXCELLENCE

Providing support, education and assistance to individuals and families who are struggling with an opioid use disorder.

Our community-based care management team (care navigators, recovery specialists and nurse practitioner) will create a care plan for transitioning into sober living, developing a support system and achieving long-term recovery.

**In helping those with a heroin/opioid addiction, the COE will:**

### 1 ASSESS

COE works with the individual to assess the life areas in which they need support and services, and develops a care plan to address them

### 2 CONNECT

COE helps connect the individual with appropriate medical specialists, support programs or other means of substance use disorder treatment

### 3 SUPPORT

COE coordinates a series of step-down services and supports the individual's transition into sober living within the community

**York Psych also offers:**

- Psychiatric services
- Mental health treatment
- Co-occurring program (MH & DA) – adults
- Drug & alcohol outpatient and intensive outpatient treatment

**Other services provided in York County by PA Counseling include:**

- Behavioral Health Rehabilitative Services (BHRS)
- School-based outpatient services – all schools in the York City school district
- Family-based services
- Check & Connect Truancy Prevention at McKinley, Jackson, Devers, Ferguson and William Penn schools
